

East Hanover Township School District

March 2010

Issue #7

Dear East Hanover Families,

The Board of Education and district Administration have been working closely together to formulate a budget that is fiscally responsible while still preserving the high quality education that East Hanover residents deserve. As you know, the economic landscape has changed dramatically; nationally, statewide, and in East Hanover. There is tremendous pressure being placed on school districts to make many reductions in the school budget. The tentative proposed budget for the 2010-2011 school year is extremely lean. We will be communicating the details of the budget through public meetings and the district website in the very near future.

I have no doubt that we have the talent, energy, and commitment in the staff and the community to achieve our primary goal, providing an excellent education for all of our children. We want and need your support and encourage you to communicate any concerns you may have.

Respectfully,

Joseph Ricca

Superintendent of Schools
